**FALCON HIGHLANDS METROPOLITAN DISTRICT
2018 BUDGET
SUMMARY OF SIGNIFICANT ASSUMPTIONS**

Services Provided

Falcon Highlands Metropolitan District (the District), a quasi-municipal corporation and political subdivision of the State of Colorado, was organized by order and decree of the District Court of El Paso County, Colorado on November 14, 2002, and is governed pursuant to provisions of the Colorado Special District Act (Title 32, Article 1, Colorado Revised Statutes). The District operates under a Service Plan approved by El Paso County Commissioners on July 25, 2002. The District's service area is located in the unincorporated town of Falcon in El Paso County, Colorado. The District was established to provide water, sanitary sewage, drainage, landscaping, public transportation, street improvements, traffic and safety controls, parks and recreation facilities, mosquito control and television relay and translation systems.

On November 5, 2002, the District voters approved authorized debt in the amount \$20,750,000 for streets, parks and recreation, water, storm and sanitary sewer, public transportation, mosquito control, safety control, television relay, and operations and maintenance. Also, the District voters approved authorized debt in the amount of \$20,000,000 for debt refunding; and an annual increase in taxes of \$450,000. The election also provided for intergovernmental agreements as multi-fiscal year obligations and allows the District to retain all revenues, other than ad valorem taxes, without regard to the limitations contained in Article X, Section 20 of the Colorado Constitution or any other law.

The District's service plan limits the total debt issuance to \$25,000,000, with a maximum mill levy of 30.000 mills for debt service and 5.000 mills for operations and maintenance, as adjusted for changes in the ratio of actual value to assessed value of property within the District. The debt service and operations and maintenance mill levies have been adjusted due to a change in the method of calculating assessed valuation.

The District prepares its budget on the modified accrual basis of accounting in accordance with the requirements of Colorado Revised Statutes C.R.S. 29-1-105. For financial statement reporting purposes in accordance with generally accepted accounting principles (GAAP), the District uses the accrual method of accounting for the Enterprise Fund. Under GAAP, capital expenditures are recorded as assets and depreciation on fixed assets is recognized as an operating expense. For budget reporting, capital expenditures are reported as expenditures and depreciation is not recognized. To distinguish the difference in reporting, for budget reporting the District uses "Funds Available," which is defined as current assets less current liabilities, in lieu of fund balance for GAAP reporting.

The District has employees and all administrative functions are contracted.

Revenues

Property Taxes

Property taxes are levied by the District's Board of Directors. The levy is based on assessed valuations determined by the County Assessor generally as of January 1 of each year. The levy is normally set by December 15 by certification to the County Commissioners to put the tax lien on the individual properties as of January 1 of the following year. The County Treasurer collects the determined taxes during the ensuing calendar year. The taxes are payable by April or, if in equal installments, at the taxpayer's election, in February and June. Delinquent taxpayers are notified in August, and generally, sale of the tax liens on delinquent properties are held in November or December. The County Treasurer remits the taxes collected monthly to the District.

**FALCON HIGHLANDS METROPOLITAN DISTRICT
2018 BUDGET
SUMMARY OF SIGNIFICANT ASSUMPTIONS**

Revenues – (continued)

The calculation of the taxes levied is displayed on the Property Tax Summary page of the budget using the adopted mill levy imposed by the District.

The change in assessment ratio from 7.96% to 7.2% allows the District to adjust its mill levy to offset the decrease in revenues. Accordingly, the District adjusted its mill levy to 5.674 for operations and 34.046 for debt service.

Specific Ownership Taxes

Specific ownership taxes are set by the State and collected by the County Treasurer, primarily on vehicle licensing within the County as a whole. The specific ownership taxes are allocated by the County Treasurer to all taxing entities within the County. The budget assumes that the District's share will be equal to approximately 13% of the property taxes collected.

Service Charges

The District receives service fees for street lighting, maintenance, administration, water treatment, and water usage. The District bills residential and commercial customers monthly for such services at established rates.

Water Tap, Sewer Tap and Infrastructure Improvement Fees

The District charges water tap, sewer tap and infrastructure fees for new users to connect to the District's water and sewer systems. The District has not budgeted any water, sewer, and infrastructure taps and fees for 2018.

Water Meter, Inspection, and Operations and Maintenance Reserve Fees

The District collects water meter, inspection, and operations and maintenance reserve fees with each tap application to cover the costs of administration and future maintenance needs. The District has not budgeted any water meter, inspection and operations and maintenance reserve fees for 2018.

Conservation Trust (Lottery Proceeds)

The District anticipates receiving revenue from the State Lottery on a per capita basis ratio. The revenue is restricted for recreation purposes under state statutes.

Net Investment Income

Interest earned on the District's funds has been estimated based on historical interest earning.

The Notes bear interest at 2.000% - 8.000%, calculated on the basis of a 360 day year of twelve 30 day months, payable annually on December 15, to the extent funds are available for payment. The Notes shall bear interest at the rates established from the date of issuance until paid and shall mature, unless paid sooner, as to the Series 2004 B-1 Notes, on December 15, 2035 and, as to the Series 2006 B-2 Notes on December 15, 2037.

During 2011, the 2006 B-2 Notes were assigned to Enterprise Bank & Trust Co. in a civil case, No. 11-CV-00026-CV-W-DW, pursuant to a Commercial Pledge Agreement executed by Cygnet Land, LLC.

The Bonds and the Notes shall constitute limited tax obligations of the District. The principal of, premium if any, and interest on or in connection with the Bonds, and the principal of and interest on or in connection with the Notes, shall be payable solely from and to the extent of the revenues of the District pledged to the payment of the Bonds and the Notes. Pledged revenues, consisting of monies derived from the District from (i) its Limited Mill Levy, except for that portion thereof levied for operations and maintenance expense of the District, (ii) Infrastructure Improvement Fees, (iii) Facility Fees, (iv) Water Tap Fees and (v) with respect to the Notes only, any other legally available monies credited to the Note Account, are pledged to the payment of the Bonds and the Notes. The Pledged Revenues are first applied to the Bond Accounts then to the Note Accounts as monies are available.

\$4,935,000 General Obligation Limited Tax Subordinate Bonds, Series 2007

On February 26, 2007, the District issued the \$4,935,000 General Obligation Limited Tax Subordinate Bonds, Series 2007 (the "Series 2007 Bonds"). The Series 2007 Bonds were issued for the purposes of (i) to construct certain infrastructure improvements within the District; (ii) to reimburse the Developer for construction of certain infrastructure improvements completed, (iii) to pay a portion of approximately twenty months of capitalized interest on the Series 2007 Bonds; (iv) to pay the issuance expenses and Underwriter's fees with respect to the Series 2007 Bonds.

The Series 2007 Bonds bear interest at 8.500%, payable semi-annually on June 15 and December 15, beginning on June 15, 2007. To the extent interest on the Series 2007 Bonds is not paid when due, such interest shall compound semi-annually on June 15 and December 15 at the rate of the bonds. The Series 2007 Bonds are subject to optional and extraordinary redemption. The Series 2007 Bonds are subordinate in all respects to the District's 2004A Bonds; but senior to the payment of debt service on the Notes. Principal of, and interest on the Series 2007 Bonds payable on any interest payment date will be made only to the extent that the District has revenue in excess of debt service requirements of the Series 2004A Bonds or from sources not pledged to the payment of the Series 2004A Bonds. Unpaid principal and interest on the Series 2007 Bonds due on any date will accrue until such time as the Series 2004A Bonds are no longer outstanding or the District's revenues exceed then current debt service on the Series 2004A Bonds. Furthermore, owners of the Series 2007 Bonds will have no power to exercise, or to direct the Trustee to exercise, any remedy upon default or otherwise while the Series 2004A Bonds are outstanding.

2018 BUDGET
SUMMARY OF SIGNIFICANT ASSUMPTIONS**

Debt and Leases – (continued)

The Series 2007 Bonds share the same pledged revenue sources as the 2004A Bonds and the Notes. In addition to said pledged revenue; the Series 2007 Bonds and the Notes are also payable from drainage and other credits (if, and to the extent received by the District, the “Credits”) paid to the District by El Paso County, Colorado, which Credits are not pledged to the payment of debt service on the Series 2004A Bonds.

Capital Leases

The capital lease purchase agreements do not constitute general obligation debt of the District as defined by Colorado Revised State Statutes, as there are annual appropriation clauses in the lease agreements. The following leases are accounted for in both the General Fund and the Enterprise Fund.

John Deere Lease

On May 9, 2013, the District entered into a Master - Lease Purchase Agreement for the purpose of financing a 2013 John Deere ZTRAK mower. The total amount financed was \$7,804, with a payment interest rate of approximately 4.30%. Upon the termination date of the payment in full of all timely payments, the District may exercise its option to purchase the leased equipment for \$1.00. This lease qualifies as a capital lease for accounting purposes and, therefore, has been recorded at the present value of the future minimum lease payments as of the inception date; however, the lease agreement is subject to annual appropriations by the District.

Lease purchase agreement schedules of annual payments, including all optional renewal terms, are included as supplementary schedules to this budget.

The District has no material operating leases.

Reserve Funds

Debt Service Reserve

The Debt Service Reserve Fund requirement is \$936,650 for the senior 2004 Series Bonds. The 2018 budget anticipates additional draws from the reserve funds to satisfy the 2018 debt service requirements, leaving an anticipated remaining balance of \$658,091.

Operations and Maintenance Reserve

The District collects an Operations and Maintenance Reserve Fee at the time of water and sewer tap sale. These fees are held in reserve for future operation and maintenance needs of the District’s water and sewer system.

Emergency Reserve

The District has provided for an Emergency Reserve equal to at least 3% of general government fiscal year spending for 2018, as defined under TABOR.
